25. Praise God for the opportunity to speak to Year 5/6 and 9/10 students at **Covenant College (Canberra, ACT)** on 8 March 2012. There is a **parent evening** the previous day. This is the first Christian School at which Bruce has spoken in the ACT.
26. Pray for **Neena Tester** (NSW) as she develops her skills in presenting the Wonder of Life program in Primary schools. She has already spoken at one school and did an impressive job.
27. **Christmas day** "For unto us a Child is born" - a reminder of the plan and purposes of God in the affairs of all His people. "Before I formed you in your mother's womb I knew you".
28. Praise God for **bookings that are already in place in June 2012** —Wycliffe Christian and Chester Hill North Public Schools. Thank God for their ongoing support and interest in having the program in their schools.
29. There are **churches and schools that are very resistant** to hearing the message surrounding the value of human life before birth. Pray for a breaking down of this resistance. Praise God for those who willingly open their doors in anticipation of blessing for the students and church members.
30. Pray for those who will attend the **Annual Camp in January**. Pray for a time that will impact, encourage and equip each one to be more effective in the pro-life battle.

meadows Sunday school and her work as a general practitioner. For anyone 30 years her junior that would be an onerous schedule but for Cerceeda it is her reasonable and willing service for One Who gave His all for her.

**Choices of Life has openings into about 4 public schools in the northern Melbourne area because of the respect with which Cerceeda is held by the Principals and staff.**

When I arrived at the hall where the Sunday School was to be held Cerceeda was already busy making sure everything was in readiness for the arrival of the children and many of their parents. She is also responsible for driving one of the two mini buses used to collect many of the children in the local area and return them after the program.

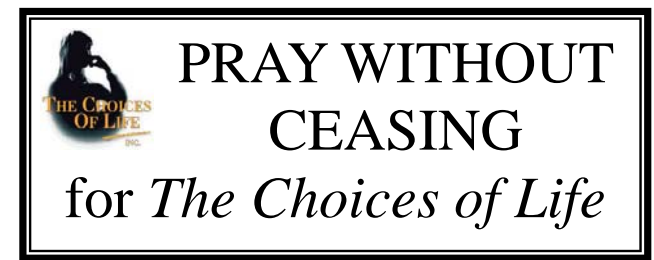

**The time with these children, young people and adults was a happy and fruitful time of questions and answers and a presentation of the wonder of life before birth. They were all excited about the little feet (the replica of their feet 10 weeks after conception) as a reminder of their amazing development in their mother's womb. Pray for Cerceeda and these young people and the ongoing impact of the little feet, and the memory of the foetal models and ultrasound, as they consider who they are before a God Who loves and cares for them and has a purpose for them..**

## ACTIVE PRO-LIFE SENIOR: Meet Cerceeda

If you can't spot Cerceeda in the picture that is as she would want it. She doesn't seek man's praise or glory for what she has been doing for over 30 years for the young people of Broadmeadows (Melbourne, Victoria).

Well into what some would consider their retirement years Cerceeda has no intention of retiring, just shifting gear. Her week (that means 7 days!) currently comprises three main activities—scripture in three schools, the Broad-
